Movies API 1.0.0

/apispec_1.json

API for fetching movie data from TMDB API.

Authorize

Movies

GET

/movies/ API discovery endpoint - lists all available movie endpoints

get_movies_

Provides hypermedia links to navigate the entire Movie API

Parameters

Try it out

No parameters

Responses

Response content type application/json

Code	Description
200	API discovery information with all available endpoints

Example Value

Model

```
{  "_links": {    "compare": {      "description": "Requires movie_ids in request body",      "href": "https://127.0.0.1:5000/movies/compare",      "method": "POST"    },    "favorites": {      "collection": {        "href": "https://127.0.0.1:5000/movies/favorites",
```

Code	Description
	<pre> "methods": ["GET"], }, "item": { "href": "https://127.0.0.1:5000/movies/favorites/{movie_id}", "methods": ["POST", "DELETE"], "templated": true } }, "popular": { "href": "https://127.0.0.1:5000/movies/popular", "templated": false }, },</pre>
401	Unauthorized - Invalid or missing API key Example Value Model <pre>{ "error": "Not Found", "message": "The requested resource was not found" }</pre>
500	Internal server error Example Value Model <pre>{ "error": "Not Found", "message": "The requested resource was not found" }</pre>

POST

/movies/compare

Generate a comparison chart for movies based on their scores

post_movies_compare

🔒

Parameters

Name	Description
body * required object (body)	Example Value Model <pre>{ "movie_ids": [0] }</pre> Parameter content type application/json

Responses

Response content type

application/json

Code

Description

200

URL of the generated chart

Example Value Model

```
{
  "chart_url": "string"
}
```

400

Invalid request or no movie IDs provided

Example Value Model

```
{
  "error": "Not Found",
  "message": "The requested resource was not found"
}
```

401

Unauthorized - Invalid or missing API key

Example Value Model

```
{
  "error": "Not Found",
  "message": "The requested resource was not found"
}
```

404

One or more movies not found

Example Value Model

```
{
  "error": "string",
  "message": "string",
  "not_found_ids": [
    0
  ]
}
```

500

Internal server error

Example Value Model

```
{
  "error": "Not Found",
  "message": "The requested resource was not found"
}
```

GET

/movies/favorites

Get a list of all favorite movies

get_movies_favorites

Parameters

Try it out

No parameters

Responses

Response content type

application/json

Code	Description
200	List of favorite movies Example Value Model <pre>[{ "adult": false, "backdrop_path": "/1Gf5Ydh1J1G7Tf7WkSRrs6ssZ3G.jpg", "genre_ids": [99], "id": 24593, "original_language": "en", "original_title": "Thinking XXX", "overview": "For a book project, photographer Timothy Greenfield-Sanders took photographs of 30 stars of adult movies...", "popularity": 3.8453, "poster_path": "/kqB0fF7Vl0Dmw1exH4iDZHGUiVI.jpg", "release_date": "2004-10-27", "title": "Thinking XXX", "video": false, "vote_average": 5.5, "vote_count": 99 }]</pre>
